BUILT AROUND YOU

## SKID STEER LOADERS

### Handle bigger loads and move 'em faster

No matter what your line of work - landscaping, farming or construction - you'll complete your jobs more effectively with a New Holland 200 Series skid steer loader. It's the skid steer you would want on the job - one that's durable, reliable and productive - and backed by a New Holland dealership you can trust.

- The patented New Holland Super Boom® vertical lift linkage is used on the five largest models for unmatched dump height and reach.
- A smooth, stable ride results from a new, longer wheelbase, low center of gravity and correct front-to-rear weight distribution.
- The widest cab in the industry offers superior operator comfort and visibility to critical areas, allowing operators to work with a new level of confidence and speed.
- Service checkpoints are easy to access and the entire cab and boom lift assembly flip forward for unrivaled access to components when needed.

MODEL	Gross Engine Power hp (kW)		Net Engine Power hp (kW)		Rated Operating Capacity @ 50% Tipping Weight lbs (kg)	
L213	46	(34)	43	(32)	1,300	(590)
L215	52	(39)	49	(36)	1,500	(680)

L230	90	(67)	84	(63)	3,000	(1360)

# COMPACT TRACK LOADERS

## Work more quickly and profitably

New Holland 200 Series compact track loaders allow you to move bigger loads and work with a high level of confidence, comfort and speed.

- Best-in-class forward dump height and reach allow operators to place loads in the center of the truck.
- The rigid undercarriage is simple yet rugged, and provides a stable ride over rough terrain. This gives you the comfort you want with the easy maintenance you need.
- The most comfortable cab in the industry is wider and offers more head and foot room and twice the visibility to critical zones.
- The rear door and hood provide the best in easy, no-tools service access to daily checkpoints, including engine oil, fuel fill, hydraulic oil, coolant and radiator.
- The overall width is “right sized” for easy transport on standard trailers.

MODEL	Gross Engine Power hp (kW)		Net Engine Power hp (kW)		Rated Operating Capacity @ 50% Tipping Weight lbs (kg)	
C227	74	(55)	70	(52)	2,700	(1225)
C232	82	(61)	76	(57)	3,200	(1451)
C238	90	(67)	84	(63)	3,800	(1723)

# TRACTOR LOADERS

## Class-leading power at bucket and hitch

The New Holland U80B handles tough loading, scraping and leveling jobs to pay its way quickly on the job site.

- 4.5-liter engine delivers the power and torque needed for loading, pushing or lifting.
- Rugged three-point hitch provides best-in-class scraping and leveling performance.
- Large, efficient, flat-deck operator platform provides easy-to-use controls and unobstructed views for outstanding visibility.
- Excellent reach at maximum dump height allows you to place loads exactly where you want them.
- Synchromesh transmission with power shuttle provides smooth control.
- Side panels and access doors allow for quick fluid checks and maintenance.

MODEL	Gross Engine Power		Net Engine Power		Rated Operating Capacity @ 50% Tipping Weight	
	hp	(kW) Tier III	hp	(kW) Tier III	lbs	(kg)
U80B	85	(63)	79	(59)	10,836	(4915)

# LOADER BACKHOES

## Maximum force, surgical precision

With extreme lifting, digging and breakout forces at either end, New Holland B Series loader backhoes save you time whether you're lifting, trenching, loading or pushing.

- You accomplish more every day with superior performance where it counts:
  - Backhoe bucket digging force from 12,592 – 13,255 lbs
  - Loader lifting capacity from 7,464 to 8,095 lbs
  - Loader breakout force from 12,169 to 15,212 lbs
- Superior dump reach enables operators to dump material into the center of the truck for faster loading and increased payloads.
- The spacious six-post cab features floor-to-ceiling windows for outstanding visibility, built-in comfort features to reduce operator fatigue and available pilot controls for added convenience.
- Hood easily flips open for complete access and fast maintenance.

MODEL	Gross Engine Power		Net Engine Power		Backhoe Dig Depth		
	hp	(kW)	hp	(kW)	ft-in	(mm)	
<b>B90B</b>	95	(71)	91	(68)	14' 5"	(4398)	Standard Dipper

<b>B115B</b>	110	(82)	108	(80)	18' 1"	(5523)	Extendable Dipper

# COMPACT WHEEL LOADERS

## At home in tight spaces and in tough terrain

New Holland compact wheel loaders do more than load. With dependable engine and hydraulic power and a choice of buckets and attachments, you can easily scrape, grade, haul and more.

- Boom design uses one lift cylinder and one bucket cylinder, providing outstanding breakout force and visibility.
- Precise, parallel forklift path eliminates the need for manual correction so operators can focus on load placement to increase cycle times.
- The Universal Link design offers increased versatility as well as increased operator comfort and control.
- An extra-long wheelbase and low center of gravity provide outstanding stability and a smoother ride.
- The comfortable cab is the most spacious in this class and provides unobstructed views, for ideal ease, comfort and safety.
- The smooth hydrostatic transmission gives you precise speed control with minimum shifting.

MODEL	Gross Engine Power		Net Engine Power		Bucket Capacity	
	hp	(kW) Tier III	hp	(kW) Tier III	3 cu. yd. (m <sup>3</sup> )	
W50B TC	54	(41)	50	(38)	1.05	(0.80)
W80B TC	82	(61)	77	(57)	1.44	(1.10)

# COMPACT EXCAVATORS

## The versatility and power to improve your bottom line

New Holland offers a full-line of compact excavators delivering a range of power to suit your needs. They offer the versatility of a rugged dozer blade as standard equipment as well as standard auxiliary hydraulics, making them factory-ready for grapples, breakers and other attachments.

- Heavy duty features include long X-frames for excellent stability and support, strong, thick-gauge steel booms and arms, durable, high-quality boom swing castings and sealed rollers, sprockets and travel motors that extend track life.
- The engine and hydraulic system are expertly matched to provide plenty of power for heavy digging and smooth control for fine grading.
- A center swing boom/arm combination makes these models ideal for digging, filling and grading along footings, curbs and foundations.
- Both the open operator station and optional fully-enclosed cab offer excellent visibility and extremely easy operation.

MODEL	Net Engine Power hp (kW)		Operating Weight with Cab lbs (kg)
