Heavy-Duty Diesel 15W-40

EcoPower® Heavy-Duty Diesel Engine Oils provide maximum protection for longer engine life.

EcoPower's robust formulation includes:

- **Highest quality re-refined base oils** with exceptional purity and lubricating properties that heavy-duty applications demand.
- **State-of-the-art performance additives** including viscosity index improvers, detergents, dispersants, and anti-wear agents provide maximum protection against breakdown and engine wear
 - Unmatched varnish, sludge and carbon deposit control
 - Low valve train, ring and linear wear
 - Extra protection against bearing and bushing corrosion
 - Boosted oxidation control to minimize oil thickening
 - Excellent high-temperature stability
 - Controls oil thickening and provides good filterability with newer, high soot producing, emission-controlled engines
- **EcoPower Engine Oil is beneficial for the environment:**
 - Conserves valuable, non-renewable resources
 - Takes up to 85% less energy to produce than oils made from crude according to recent Dept. of Energy study
 - Reduces greenhouse gas emissions by over 80%
