

Follow the instruction during these educational sessions

Late-breaking research happens here

Ground-breaking scientific developments in scientific research is essential to the advancement of dermatology and improving patient outcomes. These four late-breaking sessions will highlight the top-scoring studies in all aspects of dermatological research. All late-breaking sessions take place on Saturday.

Sessions

Clinical Studies/Pediatric (F045)

9–11 a.m. | Room 253A

Clinical Trials (S026)

9 a.m.–12 p.m. | Room 210A

Procedural Dermatology (F055)

1–3 p.m. | Room 107A

Basic Science/Cutaneous Oncology Pathology (F068)

3:30–5:30 p.m. | Room 205A

Hot Topics

1–4 p.m. | Saturday | Ballroom West

A true reflection of member concerns and interests, these hot topics will include a potpourri of medical and surgical areas of interest, including some with social and economic import. Expert speakers will uncover recent trends and developments, accenting emerging and innovative therapies. Presentations will be derm relevant, clinically germane, and directly applicable to patient care.
