PROGRAM OVERVIEW

Obesity is an epidemic that has serious adverse effects on patients seen by cardiologists. This program will inform cardiologists about the effects of obesity on CVD, HF, and dysrhythmias and the benefit of weight loss; the efficacy and safety of FDA-approved agents to manage obesity; and guidelines for starting and intensifying obesity treatment through shared decision-making with patients.

CREDITS AVAILABLE

Physicians – maximum of 1.5 *AMA PRA Category 1 Credits*™

ABIM MOC – up to 1.5 Medical Knowledge MOC points

MIPS Improvement Activity

Jointly provided by

This activity is supported by an educational grant
from Novo Nordisk.

This event is not part of the official Scientific Sessions as planned by the
AHA Committee on Scientific Sessions Programming.
